

I am writing to tell you ,the FCC, that I benefit from listening to XM Satellite Radio and its traffic and weather channels. I beleive satellite radio provides better variety and quality to what is currently available anywhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. Respectfully, I urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand as a subscriber.
